

As of July 29, 2013, there were four hundred and thirty four ( 434) Public Comments filed with the New York State Public Service Commission opposing the tariff filing by Verizon New York Inc. to introduce language under which Verizon could discontinue its current wireline service offerings in Fire Island and instead offer a wireless service as its sole service offering in the area. (NYS PSC Case # 13-C-0197)

These Public Comments have a direct bearing on FCC WC #13-150 – and accordingly it is requested that they be included as Public Comment for Review and Consideration in FCC case WC # 13-150, Verizon of New York, Inc.'s Wireline Emergency Discontinuance Application under Section 214(a).

.Sincerely,

Jim Rosenthal  
Resident, Fire Island
